President's Report

Hello KCARC!

Well, another month has past and we're on our way to another great year with the club. This upcoming meeting we'll go over a couple of things discussed in the board meeting a couple of weeks ago.

I'm looking forward to Ben's (W4WSM) presentation for the meeting this month; hope everyone can make it.

If anyone has any ideas for future meeting or topics that interest them, then jot it down and bring it up at the meeting. Also, if there are some QSL cards you would like to share or stories about a good contact, then bring that in as well. Be thinking about how you can help Greg and Claire with field day. It will take all of us to make it as great as possible. There are only so many people in the club so much of this stuff you have done in the past will continue to need to be done in the future. I feel it is very important to keep the "Ham Radio" fire burning and pass it on to as many new people as we can!

Last but not least, if your dues are not paid please try to remember to get those to Greg (KY3B) as soon as you can.
