President's Report

Hello KCARC!

Well it has been a great year, where has all the time gone. Thanks to everyone that helped on bridge-watch.

I look forward to seeing everyone at the dinner at Rafferty's on the 13th. Congratulation to our new incoming officers. I look forward to their great ideas and leadership for this upcoming 2013 year.

I got my first and hopefully last postcard from the FCC observer for "working out of band privileges"! You really have to pay attention when you're a General Class and use remote PC tuning of your rig. It's real easy to accidently tune out of the proper section of the band and start calling those DX stations!

Other than that, hope everyone has a great upcoming holiday season!

***According to the BY-LAWS the past president also serves on the next year's Board.**

Editors Note:

It has come to my attention that the Club's By Laws have not been officially revised especially Article V -OFFICERS Sections I, II and III as to the elimination of President-Elect position and subsequent changes. These changes should be addressed immediately if possible. All members, and especially new members should be given a copy.

The By Laws requires any revisions be published in the Hamcall or distributed to each member for two readings before being voted on.

The BY Laws are available on the club's website www.kcarconline.com

I would like to thank all that have supported me and the issuance of the Hamcall the past several years. I will be glad to help anyone who will become the Hamcall editor

Thanks, 73

Hank W4HTB
